HIGHWAY
BODYSHOP

FACTORY APPROVED REPAIRER

Accidents... No Obstacles

Highway Bodyshop, one of the most decorated panel beating companies in South Africa, was recently awarded the Volkswagen/Audi coveted award, "Best Administrative Award".

This prestigious award recognises Highway Bodyshop administration levels over the past four years. Owner of the business Rodgers Soobramoney, who himself has vast knowledge of the industry, believes that good administration led to good company culture and in turn has a direct impact on customer satisfaction.

Highway Bodyshop is factory approved to repair over 95 percent of the passenger and light commercial vehicle brands which are accident damaged and the added benefit of courtesy cars makes choosing a repairer very easy.

The upmarket Assessment Centre has proven to be a benefit to customers with ample parking available in the showroom.

LOCAL REPAIRER WINS NATIONAL AWARD
